Age groups:                       All age groups

Details:                            Please meet inside the front entrance by 10:45am to spend a little time with the residents. The residents love to see the children! If your HEARTH student can sing a song, play a musical instrument, read a Bible verse or a poem, or do anything else that you think would be a blessing, please contact Trina Pywtorak to sign up to be part of a short program. Musical selections do not have to be religious. If your family just wants to come to shake hands and share a smile or a handmade gift, food item, or card, please plan to join us. In the past, HEARTH students have presented musical selections at a local nursing home and then have given out handmade cards, bookmarks, wrapped cookies...Be creative! Students should dress neatly (no stained or ripped clothing, please). We will spend about 30 minutes each in 2 different wings, visiting and presenting our program at approximately 11:00 a.m. and 11:45 a.m.
